Initiate "My Green Seed" Climate Hangout Series
"My Green Seed" Climate Action Hangout is a series of virtual meetings where Climate Action Takers gather to share their stories of change to inspire others to do same and even much more.

1st Art4EarthNFT Guided Climate Action Tour
We seek to take our community on a tour to places such as the Antarctic and Arctic regions where the planet is really hurting. This tour will help us to feel the pulse of the earth and develop emotions for her. We believe this is one of the quickest ways to drive the much needed positive climate action.

ROADMAP 2.0

More Collaborations & Partnerships

At this stage, we will form more collaborations with individuals, programs and projects and communities in line with our mission.

JULY 2022

Round 2 Donation

At this stage, we will do our second round of donation to some of our partner organizations based on the team's unanimous decision and the specifics of the project of interest to us.

AUG 2022

Round 3 Donations and Launch of Roadmap 2.0

At this stage we will do the 3rd round of donations and celebrate with our community by giving exclusive offers especially to active community members.

We will also launch Roadmap 2.0.
